

Compliance risk? That's an opportunity

See beyond regulation and use compliance as a tool for growing the business.

Zix Secure Cloud provides the email security, hosting, information archiving, eDiscovery, and out-of-the-box templates to help you [stay ahead of regulations](#), [thwart breaches](#), and [earn your customers' trust](#). More security and easier compliance means teams are free to focus on higher-order issues.

Communicate confidently and outpace regulation with the leading cloud productivity, security, and compliance platform.

The Compliance Lifecycle

By 2023, 65% of the world's population will be covered under privacy regulations, up from 10% today. - Gartner

Why Modernize Your Archive?

In eDiscovery, each gigabyte of data reviewed costs approximately **\$18,000** according to the RAND Institute for Civil Justice.

Why Now?

Data Center Costs

IT Management

Cloud Mandate

Why Zix Information Archive?

Archive in the Cloud

Ensure Data Security

Centralize Data Management

How Zix Secure Cloud helps

A

Can't discover data

STAY AHEAD OF CHANGING REGULATION

The Zix Research Center team is constantly releasing DLP regulatory content filters (lexicons) and providing readymade templates to keep Zix customers compliant automatically. Zix employs lexicographers so nobody on your team needs a doctorate in coding RegEx.

Continuously updated DLP filter templates | In-house lexicographers | Multiple data source support as needed

B

Personal liability

MINIMIZE PERSONAL LIABILITY

Even though compliance is an organizational-level issue, executives are increasingly held personally responsible for violations or shortcomings, and that includes financial liability. Zix Information Archiving and eDiscovery helps you stay compliant with internal policies as well as external regulation.

Flexible and strict retention rights | eDiscovery | Email encryption

C

Implementation hurdles

PROVISION IN RECORD TIME

57% of CIOs say "simple and low-touch administration" is the #1 attribute of a software provider. - Pulse Q&A

Zix offers a simple but powerful user interface that's designed to deploy quickly, reduce the burden on end-users, and integrate with your existing environment. It's cloud native and exhibits an unusually quick time to value.

No cost data import | Expert Phenomenal Care with migration support

How Zix Secure Cloud helps

D Surprise audits

STAY PREPARED FOR THE UNEXPECTED

Zix's Information Archiving and eDiscovery ensures everything is properly stored and organized so you can find the right documentation quickly and share it securely.

Supervision | eDiscovery | SimplyShare | Legal hold | Message classification

E Ongoing compliance

MAINTAIN A HIGH LEVEL OF PASSIVE COMPLIANCE

Zix's subscription-based compliance solution ensures you automatically remain protected with the latest efficiencies and updates. The Zix product and Compliance Analyst Team rolls out frequent updates to help you comply automatically with changing regulation.

Enforce DLP & regulatory filter templates | Email Encryption | Information Archiving | Secure File Sharing

**Zix enables your cloud transformation and
frees you to think forward**
